ABOUT US

At **Calian Healthcare**, we are not just exporters of surgical disposables, we are crafters of care, safety, and trust. Every product we provide is more than just a medical supply; it is a carefully crafted solution designed to support the hands that heal, protect, and save lives.

We believe that quality healthcare starts with quality products. That's why we meticulously source our surgical disposables from certified manufacturers, ensuring they meet the highest global standards like CE and ISO certifications. From gloves that safeguard healthcare professionals to syringes that deliver life-saving treatments, we offer a comprehensive range of products, all crafted with precision and reliability.

But what truly sets us apart is our commitment to partnerships. We don't just supply, we co-create solutions with our wholesalers and distributors, tailoring our services to meet unique market needs. Whether it's customized packaging, flexible logistics, or specialized product sourcing, we ensure that every detail is crafted for excellence.

While our reach is global, our impact is deeply personal. We see our role in the healthcare ecosystem as more than just delivering products, we are crafting connections, enabling healing, and shaping a healthier world.

At **Calian Healthcare**, we believe in a future where healthcare is not just accessible but also compassionate. By choosing us, you're not just selecting a supplier, you're partnering with a team that crafts solutions with care.

Let's Craft A Healthier Tomorrow, Together.

---------------	----

GLOVES

LATEX STERILE GLOVES

Premium Latex Surgical Gloves are designed to meet the rigorous demands of healthcare professionals. These gloves provide exceptional protection, comfort, and reliability for surgical applications.

Key features

- Material: Natural Rubber Latex
- Surface: Full-Hand Textured
- Design: Anatomically shaped with a beaded cuff for added strength
- Ergonomics: Curved textured surface for a secure grip and comfortable fit during extended use
- Sterility: Sterile, ensuring the highest levels of hygiene
- Comfort: Available in both powdered and powder-free variants
- Sizes: 6.0, 6.5, 7.0, 7.5, 8.0, 8.5, 9.0
- Length: $\geq 260\text{mm}$ or Elbow Length (14" or 16")
- Thickness: $\geq 0.13\text{mm}$
- Color: Milky White

CALIAN

Crafted for Health

LATEX EXAMINATION GLOVES

Premium Latex Examination Gloves, available in both and powder-free variants. Designed for diagnostic, laboratory, and general medical application.

Key features

- Material: Natural Rubber Latex
- Texture: Textured fingertips and palms for enhanced grip
- Comfort: Powder-free options reduce allergic reactions; powdered gloves with light cornstarch for easy donning.
- Design: Ambidextrous fit with rolled rims for easy wear
- Sterility: Non-Sterile, ideal for general hand hygiene
- Cost-Effective: Perfect for non-critical medical procedures
- Eco-Friendly: Made from biodegradable latex

NITRILE GLOVES

Premium Nitrile Examination Gloves provide a latex-free solution for superior protection and reliability, making them ideal for medical, laboratory, and industrial use.

Key features

- **Material:** High-quality nitrile for enhanced strength and flexibility
- **Latex-Free:** Eliminates the risk of latex allergies
- **Powder-Free:** Reduces contamination risks
- **Texture:** Fully textured surface for improved grip in wet or dry conditions
- **Fit & Comfort:** Ambidextrous design with beaded cuffs for secure wear
- **Durability:** High resistance to punctures, tears, and chemicals
- **Versatile Application:** Suitable for medical, laboratory, food handling, and cleaning

HYPODERMIC SYRINGE & NEEDLES

HYPODERMIC SYRINGE

Hypodermic' refers to anything below the skin. Hypodermic syringes, with hollow needles, are used for injecting medication or drawing blood. At Calian Healthcare, we offer a variety of syringes, manufactured to meet global industry standards.

Specification

Specification	Needle Size
1ml	23G/24G/25G/26G
2ml	22G/23G/24G
3ml	22G/23G/24G
5ml	21G/22G/23G/24G
10ml	21G/22G
20ml	21G/22G
50ml	W/O needle

Key features

- High clarity transparent barrel molded by using premium quality medical grade polypropylene.
- Thermo Plastic Elastomer (TPE) Gasket for smooth movement of the plunger.
- Needles are manufactured by using imported cannula with precise tip sharpness and strong bonding strength with the hub.
- Needles have siliconized, an ultra-thin wall permitting rapid and efficient drug delivery.
- 5 year selflife
- Ultra Sharp Needle, Minimum Pain
- Compatible will all medications.

HYPODERMIC NEEDLES

A Hypodermic needle commonly used with a syringes to inject medicaments into the body or extract fluids from it. We at Calian Healthcare supply a variety of high precision Hypodermic Needles Designed to offer maximum protection and uplifting results during medical operations.

Key features

- Extra thin wall.
- Cannula made from imported cold-rolled stainless steel.
- Vision Camera check for burs, hook and blockage ensures 100% automated quality control enabling superior sharpness to minimize pain.
- Assembled and packaged on totally automated machines
- Siliconized to minimize drag during penetration and withdrawal.
- Burr free

Specification

	Colour	Gauge	OD (mm)
○	White	16G	1.6mm
●	Pink	18G	1.2mm
●	Cream	19G	1.1mm

INFUSION & TRANSFUSION THERAPY

IV CANNULA

High-quality IV cannula designed for safe, efficient, and painless venous access. Featuring a sharp, beveled needle for smooth insertion and a flexible catheter for patient comfort, it ensures reliable fluid and medication delivery with minimal trauma.

Key features

- Durable construction with high-quality materials.
- Silicone coating for frictionless insertion and enhanced comfort.
- Color-coded caps for easy identification.
- Flashback chamber for immediate blood detection.
- PTEE catheter for stable flow.

Options Available:

- With wings and injection Port
- With wings and without injection Port
- Without wings and without injection Port

Specification

	Colour	Gauge	OD (mm)	Length (inches)
	Yellow	24G	0.70mm	3/4, 1
	Blue	22G	0.90mm	3/4, 1

INFUSION SET

Infusion therapy involves administering fluids or medication intravenously using a needle or catheter. It is used for sedation, anesthesia, pain management, chemotherapy, and treating infections.

Key features

- Sharp piercing spike for easy insertion in I.V container.
- Manufactured from non-toxic and transparent material.
- Infusion set with built in air vent and bacteria barrier hydrophobic filter.
- Specially designed transparent cylindrical collapsible drip chamber to visualize the flow rate.
- Disc type 15 Um fluid filter at the bottom of drip chamber filters any particulate matter in the I.V fluid.
- 150cm long super smooth kink resistant tubing.
- Efficient roller controller ensures better flow control.
- Provided with super smooth kink resistant tube for unobstructed flow.
- Constitute extra strong sharp spike with flexible drip chamber with/without air vent for rapid adjustment of fluid level
- clear transparent and flexible drip chamber to see flow rate
- accurate flow controller
- strong roller clamp with provision to hold the tube for changing. The fluid container without disturbing the Flow rate
- kink free 150 cm transparent PVC tubing for easy visualization of flow
- options of luer lock, Luer slip needle available

BLOOD TRANSFUSION SET

Blood collection is essential for diagnosing diseases, detecting imbalances, and initiating medical evaluations. Hospitals use various blood collection systems, with venepuncture being one of the most common methods.

Key features

- For transfusion of blood or blood components.
- Transparent & flexible drip chamber with 200 micron blood filter.
- Approximately 20 drops/ml.
- 150cm long soft and kink resistant PVC tubing.
- Light weight ball facilitates auto shut mechanism.
- Efficient roller controller ensures better flow control.
- Soft, smooth transparent & kink free PVC tube for easy visualization of flow
- Molded latex flush ball injection membrane for intermittent medication
- option of luer/lock slip. "Y" port and needle available

MEASURED VOLUME SET

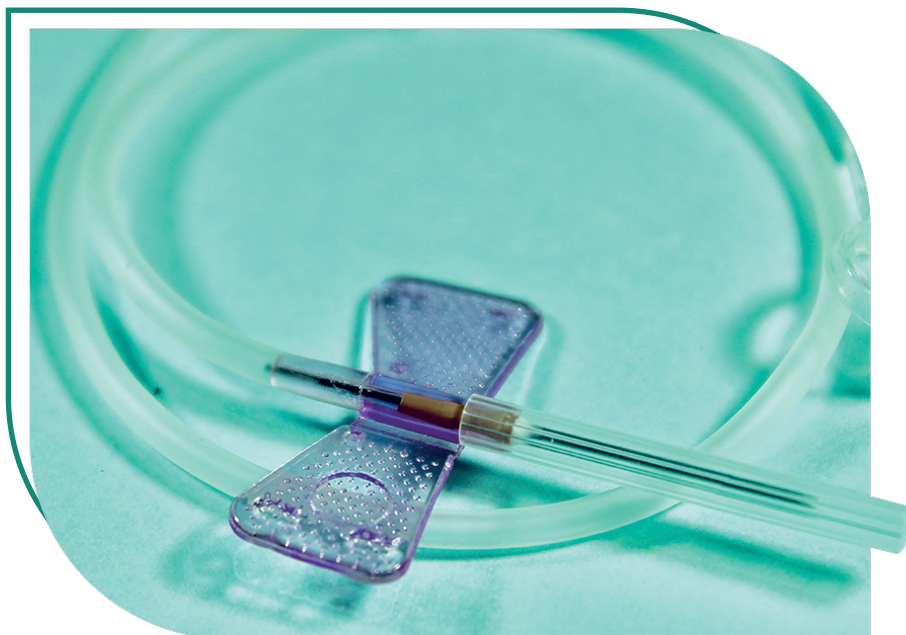

Burette Chamber is scaled for accurate measurement of medication for critical and pediatric /neonatal care.

Key features

- Floating auto shut-off valve in the calibrated chamber.
- Automatically shuts off drain path when chamber is empty.
- Also acts as level indicator in the chamber.
- A Clear, cylindrical and calibrated measured volumetric chamber with bold graduations.
- 15 micron fluid filter.
- Available in size: 100 ml, 110 ml & 150 ml.
- Kink free transparent PVC tubing for easy visualization of flow.
- Tube length 150 cm, 180 cm & 200 cm.
- 6% taper luer, as per International Standard.
- Approximately 60 drops / ml.
- **Sterile • Single Use • Non-Pyrogenic**

SCALP VEIN

- Pain less extra thin wall siliconized needle.
- Kink free tubing with soft butterfly wings for easy handling.
- Non-Toxic, Non pyrogen, ETO Sterile.
- **Size available: 20G/ 21G/ 22G/ 23G/ 24G/ 25G.**

Option Available

- With Luer Slip / With Luer Lock

CALIAN
HEALTHCARE

Crafted for Health

3-WAY STOP COCK

Designed to provide an additional infusion option between line and venipuncture.

Key features

- Fully transparent polycarbonate body for visualization of flow.
- 6% luer taper as per International Standard.
- Arrow indication marks for indicating direction of flow.
- Also available with lipid resistant feature.
- Rotating dead space for accurate drug administration.
- Continuous flow channels.
- Tight covers for all ends.
- Pressure tested hydrostatically for upto 60 PSI.
- Rotation allowed for 360 degree.
- Red & blue pegs for arterial and venous line identification.

• **Sterile • Single Use • Non-Pyrogenic**

CALIAN
HEALTHCARE

Crafted for Health

RESPIRATORY

NABULIZER MASK

The nebulizer mask helps administer the medication efficiently, keeping the stream of mist consistent and focused until the proper dosage has been given.

Key features

- Disposable Single patient use
- Non-Sterile packed sealed in Pouch.
- Specially designed nebulizer chamber with nebulization rate of approximately 3cc in 10 minutes
- Average particle size generation is approximately 2 microns.
- Complete kit consists of Nebulizer Mask. Nebulizer chamber and 210 cm star lumen tube.
- Elongated facemask for long term use.
- Clear and soft mask for patient comfort
- Adjustable elastic strip and integrated nose clip for proper positioning of mask.
- 210 cm long star lumen tubing to ensure continuous flow of oxygen.
- Nebulizer chamber with a capacity of 7cc
- Made from unique transparent non toxic materials

CALIAN
HEALTHCARE

Crafted for Health

OXYGEN MASK

A mask like device placed over the mouth and nose and through which oxygen is supplied from an attached storage tank. One end of oxygen supply tubing with mask connector and other end with source.

Key features

- Disposable Single patient use.
- Non-Sterile sealed packed in Pouch.
- Suitable for oxygen therapy.
- Swivel connector for patient comfort.
- Elongated facemask for long term use.
- Clear and soft mask for patient comfort.
- Adjustable elastic strip and integrated nose clip for proper positioning of mask
- Provide with 2 meter long star lumen tube to ensure continuous flow of oxygen.

SUCTION CATHETER

Premium suction catheter designed for efficient airway clearance and patient comfort. Made from flexible, medical-grade material, it ensures smooth insertion and effective secretion removal, minimizing discomfort and enhancing respiratory care.

Key features

- Designed for short term bladder catheterization.
- Made from medical grade thermo-sensitive pvc material.
- Non-irritant to delicate mucous membranes of urethra.
- Perfectly finished closed distal end for smooth & painless insertion.
- Provided with two side eyes for efficient drainage.
- Also provided with funnel- shaped color- coded connector at the proximal-end.
- **Size: 8FG, 10FG, 12FG, 14FG, 16FG, 18FG, 20FG, 22FG & 24FG.**

CALIAN
HEALTHCARE

Crafted for Health

TWIN BORE NASAL OXYGEN CANNULA

High-quality twin bore nasal oxygen cannula designed for efficient and comfortable oxygen delivery. Featuring soft, flexible tubing and dual channels for consistent airflow, it ensures optimal patient comfort and reliable respiratory support.

Key features

- Made from soft, non-toxic pvc hence, non-irritating even in long term use.
- Star lumen tube ensures the supply of oxygen even if, the tube is accidentally kinked.
- Smoothly finished & adjustable nasal tips to maximize the comfort.
- Soft funnel-shaped connector facilitates easy connection to the oxygen source.
- **SIZE: ADULT/ CHILD / NEONATAL**

UROLOGY

URINE COLLECTION BAG

- Urine Drainage system for short as well as long term Use.
- Super smooth kink resistance tube provided with universal tapered connector.
- Specialty designed hook or hanger facilities for carrying, handling and holding the tube in upright position.
- Efficient non return valve prevents the back flow.
- Drainage Outlet System.
- Bag graduated in ml to indicate the quantity of urine collected.
- Transparent sheeting allows visual inspection.

Available Options

- With various type of specially molded hangers
- With or Without T Type, Screw Type or Push-Pull type Bottom Outlet
- With or Without Pinch Clamp
- Tube Length: 90cm. 100cm. 120cm. 150cm
- With or Without Sampling Port Sterile or Non-Sterile

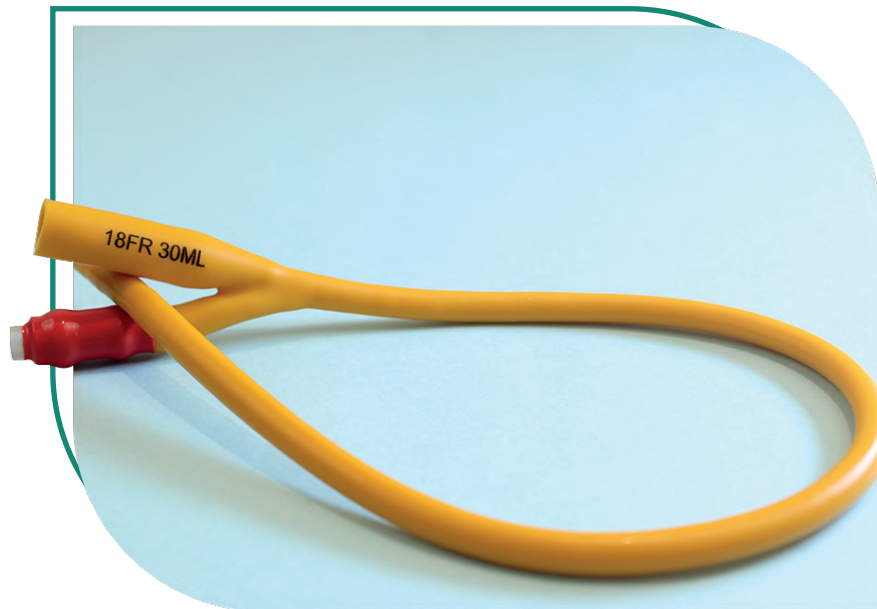

CALIAN
HEALTHCARE

Crafted for Health

FOLEY BALLOON CATHETER

- Used for short/long term urine drainage.
- Made from natural latex rubber.
- Silicon elastomer coated smooth surface for atraumatic catheterization.
- High strength polymer layer in the middle layer of the catheter ensures wider inner diameter and hence high flow rate.
- Minimizes encrustation and subsequent catheter blockage and failure,
- Smooth eye ultra thin highly elastic balloon and hard non-return valve for trouble free inflation and deflation.

URETHRAL CATHETER

- Made from medical grade thermo-sensitive pvc material.
- Non-irritant to delicate mucous membranes of urethra.
- Perfectly finished closed distal end for smooth & painless insertion.
- Provided with two side eyes for efficient drainage.
- Also provided with funnel-shaped color- coded connector at the Proximal- end.
- **SIZE: 8FG, 10FG, 12FG, 14FG, 16FG, 18FG, 20FG, 22FG, & 24FG.**

CALIAN
HEALTHCARE

Crafted for Health

NELATON CATHETER

- Designed for short term bladder catheterization.
- Made from medical grade thermo-sensitive pvc material.
- Non-irritant to delicate mucous membranes of urethra.
- Perfectly finished closed distal end for smooth & painless insertion.
- Provided with two side eyes for efficient drainage.
- Also provided with funnel- shaped color- coded connector at the proximal-end.
- **Size: 8FG, 10FG, 12FG, 14FG, 16FG, 18FG, 20FG, 22FG & 24FG.**

MALE EXTERNAL CATHETER

Male external catheters come in different sizes, such as small, medium, large, and extra-large. The right size for you depends on your anatomy. A catheter that's too small may leak urine, while one that's too big may be uncomfortable or painful.

Male external catheter sizes

- **Small:** 25 mm in diameter
- **Medium:** 30 mm in diameter
- **Large:** 35 mm in diameter
- **Extra-large:** 40 mm in diameter

MISCELLANEOUS

SANITARY PADS

Calian Healthcare provides high-quality sanitary pads designed to offer superior comfort, protection, and reliability. Made from skin-friendly materials, these pads are perfect for women seeking effective menstrual care solutions. Our sanitary pads ensure maximum absorption, odor control, and comfort for all-day freshness and confidence.

Key Features

- **Effective Leak Protection:** Quickly absorbs and locks in moisture to prevent leaks.
- **Skin-Friendly Comfort:** Gentle on sensitive skin, reducing irritation and discomfort.
- **All-Day Freshness:** Neutralizes odors for confidence throughout the day.
- **Secure Fit:** Conforms to the body for a snug, comfortable fit, minimizing movement.
- **Enhanced Protection:** Prevents side leaks for worry-free use.
- **Hygiene Assurance:** Each pad is individually packed to maintain cleanliness and safety.

CALIAN
HEALTHCARE

Crafted for Health

DIAPERS

Calian Healthcare provides premium-quality adult and pediatric diapers designed to ensure comfort, hygiene, and effective incontinence management. Crafted with patient-centric features, these diapers offer reliable protection for both clinical and home care applications.

Key Features: Designed for Comfort and Protection

- **Effective Leakage Protection:** Locks away moisture to keep the skin dry and prevent irritation.
- **Skin-Friendly Design:** Ensures air circulation and reduces the risk of rashes or discomfort.
- **Secure Fit:** Provides a snug, comfortable fit that prevents leaks without restricting movement.
- **Convenient Monitoring:** Features a visual indicator to signal when the diaper needs changing.
- **Enhanced Hygiene:** Neutralizes unpleasant odors for a fresher experience.

SURGICAL MASKS

Calian Healthcare offers high-quality disposable surgical masks designed to provide superior protection and comfort.

Crafted from premium materials, these masks ensure safety and breathability, making them suitable for medical professionals and general use in clinical and public settings.

Key Features of Disposable Surgical Masks

Three-Layer Protection: Made with a non-woven outer layer, melt-blown filter, and soft inner layer to offer maximum filtration efficiency and protection against airborne particles.

Breathable and Comfortable: Designed for long-term wear with lightweight, hypoallergenic materials that ensure easy breathing and reduced skin irritation.

Secure Fit: Equipped with elastic ear loops and an adjustable nose clip for a snug and customized fit, minimizing gaps.

High Bacterial Filtration Efficiency (BFE): Effectively filters out 98% of bacteria, ensuring a hygienic barrier against contaminants.

Single-Use, Hygienic Design: Each mask is individually packed or securely boxed to maintain cleanliness and convenience.

WHY CHOOSE US

At **Calian Health Care**, we don't just supply surgical disposables, we craft reliable solutions that empower healthcare providers worldwide. Here's why we are the right partner for you:

- **One-Stop Solution for All Surgical Disposables**

Why manage multiple suppliers when you can get everything in one place? From surgical gloves and masks to syringes and catheters, we provide a comprehensive product range tailored to your needs.

- **Unmatched Quality & Compliance**

Many suppliers meet CE and ISO standards, but we take it further each batch undergoes strict quality checks before export, ensuring you receive products that exceed global healthcare standards.

- **Reliable & Scalable Supply Chain**

Say goodbye to stock shortages and delivery delays. With a 95% on-time delivery rate, strong global logistics, and real-time tracking, we ensure your inventory stays secure and uninterrupted.

- **Customization to Fit Your Market Needs**

Your market is unique, and so are your needs. Whether it's custom packaging, branding, bulk orders, or region-specific compliance, we tailor solutions to match your exact requirements.

- **Business-Centric Approach, Not Just Sales**

We don't just fulfill orders; we build lasting partnerships. Our dedicated team provides personalized support, market insights, and flexible payment solutions, helping you grow your business efficiently.

- **Ethical, Sustainable, and Future-Ready**

We believe in responsible business practices. Our eco-friendly packaging, ethical sourcing, and commitment to sustainability ensure that your business supports a healthier planet.

- **Trust Built on Experience & Excellence**

Our growing global network and trusted partnerships in 20+ countries speak for themselves. We don't just promise quality, we deliver it consistently.

Partner with us and experience the difference, where care meets quality, and every product is crafted with precision and purpose.
